

Austin Lake GLB- Meeting Minutes 12/5/11 – DRAFT COPY

Call to order: 8:00 AM

Members Present: Ed Sackley, Patricia Crowley, John Zull, Brian Johnson and Elizabeth Campbell. 4 guests were also in attendance.

Approval of Minutes from 11-21-11- approved 5 – 0

The Board then began to review and discuss the proposed ALGLB Aeration Project Assessment Roll.

The question was asked about making sure that the City of Portage and County are aware of the assessments they will be charged. The Board does not wish to increase the amount of assessment that will be charged for the residents so they would like to make sure the City and County are going to be alright with their costs being charged to each municipality.

Motion was made to approve the roll and get the document filed with the County of Kalamazoo and City of Portage. Motion was approved 5 – 0.

The Public Hearing on this motion was set for January, 18 2012 at 6:00 pm with a 5 – 0 vote.

Public Comments:

Evangeline Morgan of 2529 Stanley has questions in regards to deeded access properties being charged. Ms. Morgan was assured that those with deeded access will not be accessed.

Joyce Pulling of 10235 Woodlawn stated that the Board will be getting comments from those that are angry about having to put in tax monies to pay for this project. There will be issues with people that have 45 foot lots being charged the same as a person with an 80 foot lot.

John Crago had questions on clarifying the roll and then Chairman Sackley gave him a copy of the proposed roll.

Jim Pearson answered a question in regards to Mrs. Pulling's comments.

Dr. Crowley then asked a question in regards to the time frame of construction and repayment of the loan to the County.

Meeting adjourned 8:50 AM.

Respectfully submitted: Elizabeth Campbell
